3. Overall Performance Summary

Combining both GHT and Ultimate operations:

- Total GHT Routes: 88
- Total Ultimate Routes: 162
- Grand Total Routes Completed: 250 Routes

The total number of completed routes reflects active delivery operations and effective coordination between riders and office staff.

4. Key Achievements

During this quarter, the riders achieved the following:

- Successfully completed 250 delivery routes across all operations.
- Ensured timely delivery of goods and documents to clients and partners.
- Supported smooth business operations by maintaining consistent delivery schedules.
- Helped improve customer satisfaction through reliable and responsive service.

5. Challenges Encountered

Despite the achievements, several challenges affected rider performance:

- Heavy traffic in some areas caused delays in reaching clients on time.
- Some clients required urgent deliveries with limited preparation time.
- Frequent small deliveries under GHT consumed considerable working hours.
- Long-distance routes increased fuel consumption and delivery time.
- Weather conditions occasionally affected movement and delivery schedules.

6. Conclusion

In conclusion, the riders demonstrated strong commitment and contributed significantly to the company's operational success during the quarter. A total of 250 routes were completed successfully, consisting of 88 GHT routes and 162 Ultimate routes.

Despite operational challenges such as traffic, urgent requests, and long-distance travel, the riders maintained good performance and ensured deliveries were completed efficiently. Continuous improvement in planning and coordination will further enhance productivity in future quarters.
